One Click FX Installation

Step 1

Download the.zip file through the link provided by the broker.

Step 2

Open the .zip file and extract the ONE CLICK MT5 folder to the Desktop.

Step 3

Open ONE CLICK MT5 and copy the MQL5 folder.

Step 4

Open the Metatrader platform. Click on File > Open Data Folder.

Step 5

Close the Metatrader.

Step 7

Paste the MQL5 folder you copied in this folder. Click on Replace the files in the destination. Refresh.

Step 8

Re-open the Metatrader.

Step 9

Once the platform is reopened, click on Tools > Options > Expert advisors.

Allow imports from .dll.

Step 10

Open the Profile Menu and click on 01 License.

Step 11

Enter the email address or code associated with the license in the appropriate field and click on Ok.

As soon as the indication 'LICENSE CHECKED: STATE ACTIVE' appears, you can start working with **One Click FX**.
