One Click FX Installation

Step 1

Download the.zip file through the link provided by the broker.

Step 2

Extract the 3 folders contained in ONE CLICK MT4 to the Desktop.

Step 3

Select and copy the 3 folders.

Step 4

Open the Metatrader platform. Click on File > Open Data Folder.
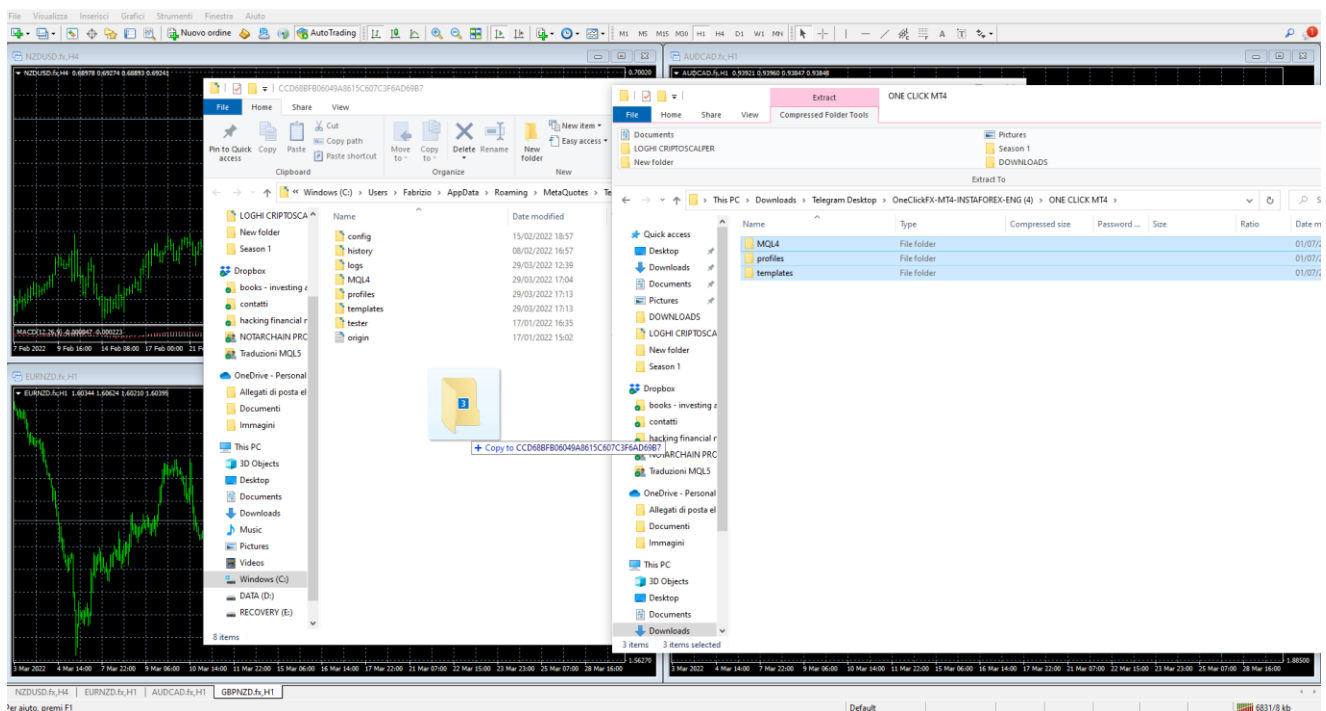

Step 5

Close the Metatrader.

Step 7

Paste the 3 folders you copied in folder. Click on Replace the files in the destination. Refresh.

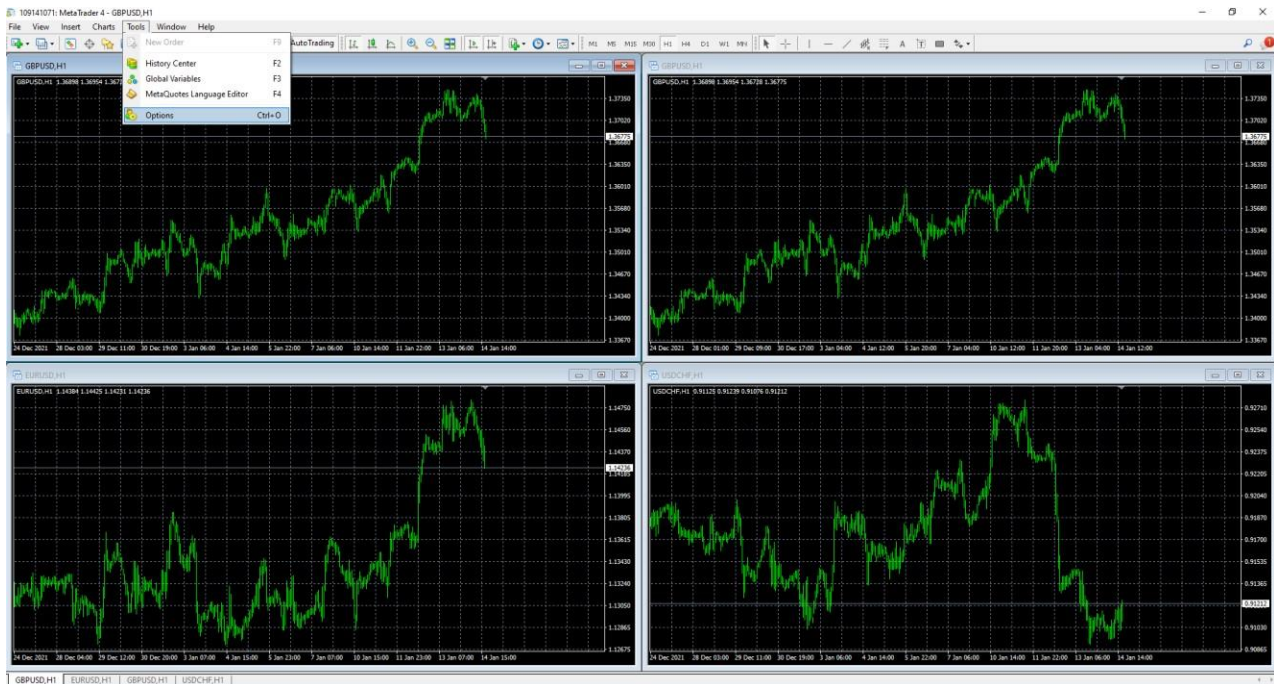

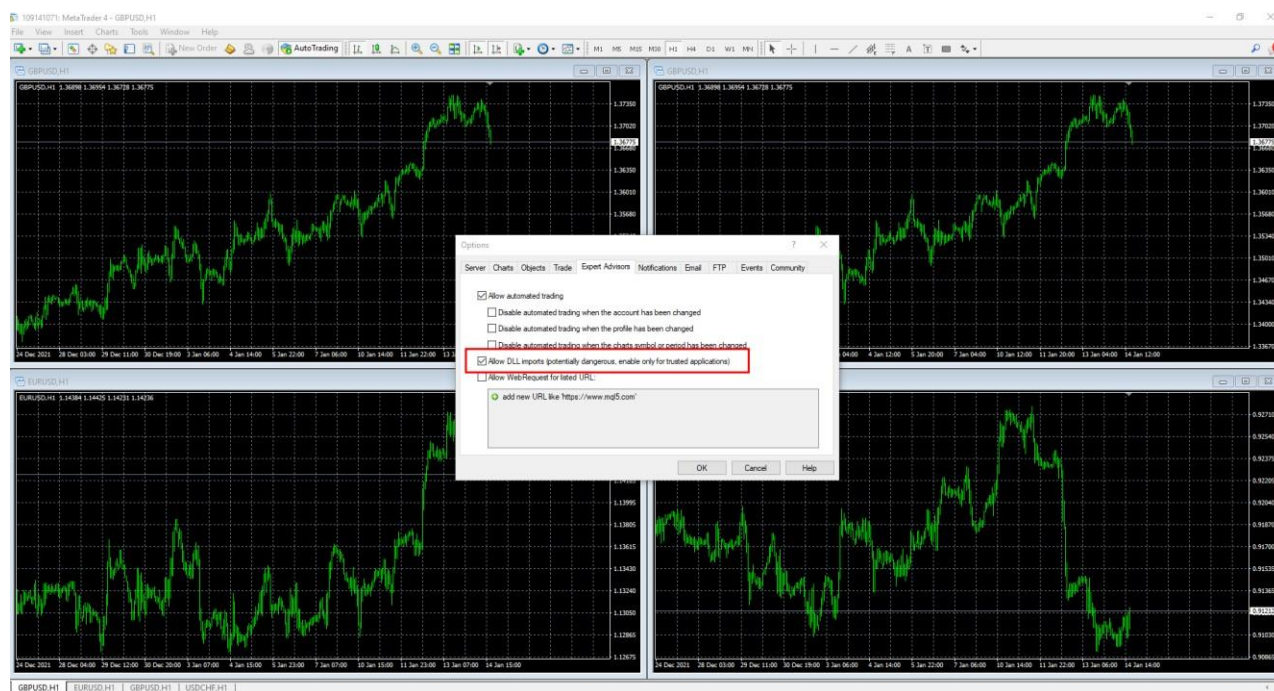

Step 8

Re-open the Metatrader.

Step 9

Once the platform is reopened, click on Tools > Options > Expert advisors.

Allow imports from .dll.

Step 10

Open the Profile Menu and click on 01 License.

Step 11

Enter the email address or code associated with the trading account in the appropriate field and click on Ok.

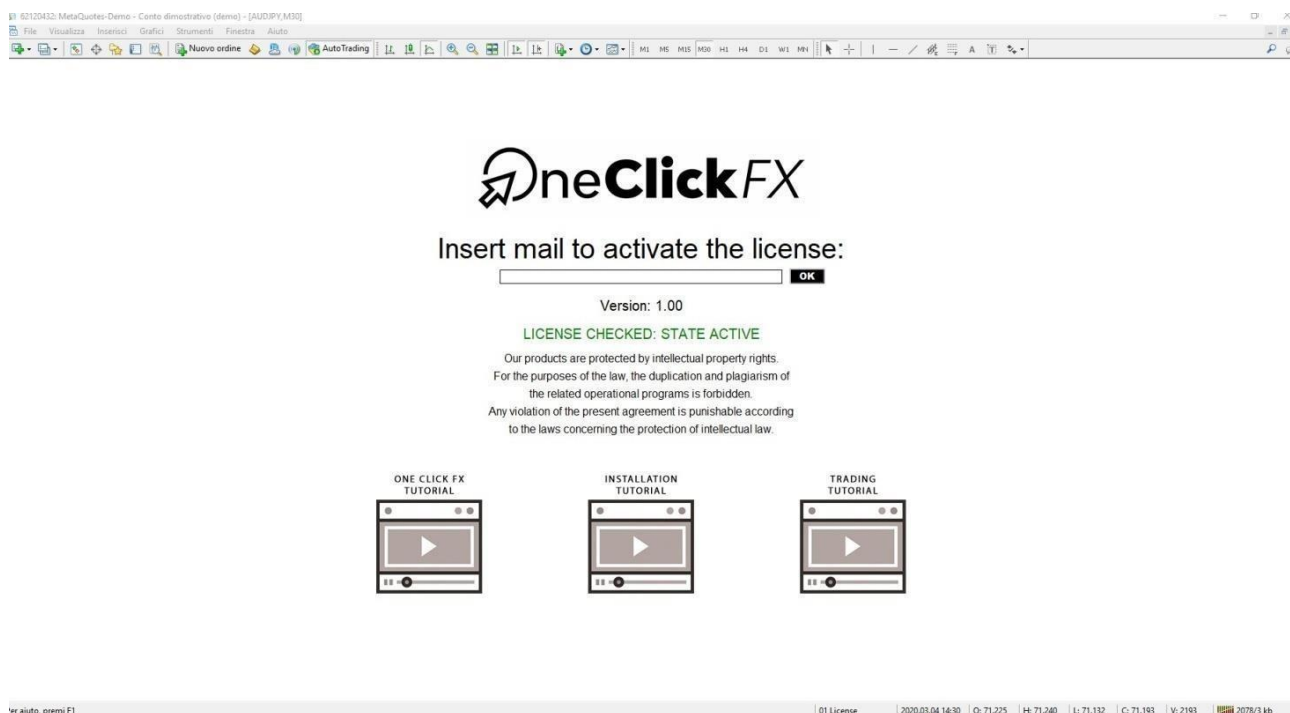

As soon as the indication 'LICENSE CHECKED: STATE ACTIVE' appears, you can start working with **One Click FX**.
